ROMANTIC & HEALING LOVE SONGS

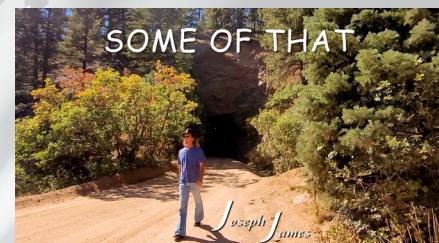

I WANT TO LOVE YOU (Joseph's #1 Song Filmed in Homer, Alaska)

— a heartfelt, romantic ballad focused on love, commitment, hope, healing in relationships, and expressing deep affection. This song has been loved by many and some have used it to bring healing to their relationships.

OH BABY, DO YOU WANT TO DANCE - a fun, fast-moving country rock song with romantic vibes, encouraging listeners to put on their dancing shoes, take a chance on love, and give romance another try—even after heartbreak. Can the guy make it across the dance floor to give love a chance before his heart stops him?

SOME OF THAT - a fun, romantic track that encourages couples to reminisce about good times, rekindle sparks in their relationship, and bring back some of that excitement, love, and intimacy ("some of that") that might fade over the years.
Rekindle The Flame!

ONCE I CLOSE MY EYES — a romantic love ballad aimed at helping heal marriages, relationships, and romantic conflicts—encouraging listeners to fight for love when things get tough. The core message revolves around dreaming of a partner and remembering the pure, innocent love from earlier times, even amid struggles.

LYING HERE NEXT TO ME - a heartfelt love song that celebrates intimacy, appreciation, and enduring commitment in a relationship—often described as being about falling in love, staying in love, and expressing deep affection. Who is lying next to you?

VALENTINE ONCE MORE — an encouraging, positive anthem for marriages and partnerships: reminding listeners that struggles don't have to end the romance—they can be the chance to build something even deeper. Sometimes romance is like a sailing ship on the ocean.

YOUR LOVE HAS LIFTED ME - Joseph wrote this one directly for his wife, Janiece. It's about how her love and presence (even just the memory of her smile or our morning kiss) can completely turn around a rough day, calm frustration, prevent rash reactions, and make everything feel conquerable.

CONTEMPORARY CHRISTIAN/COUNTRY & WORSHIP

HONEY I LOVE YOU - an uplifting and reassuring song addressing feelings of isolation and loneliness—even when surrounded by a crowd. It emphasizes that you're never truly alone, with someone (implied as God or a divine presence in the Christian context) who sees you, loves you unconditionally, and is always near.

I WAS BORN TO BE FREE - a song emphasizing personal destiny, God-given purpose, and the inherent right to freedom. Freedom to pursue that destiny is a fundamental right ("It's my right to live my dream"). It blends spiritual themes (sent from Heaven's Throne, life not our own) with empowerment to chase one's calling.

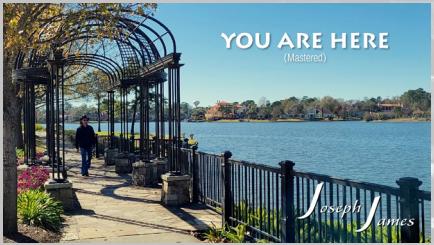

STILL - the song explores feelings of anger, distance, or frustration toward God—questioning if He's mad at us or if we can ever truly reach Him. It ultimately affirms God's unchanging love, faithfulness, and presence, emphasizing that He is still there, still loving, and still approachable for a hug despite our struggles or doubts.

I SEE YOU THERE - a simple, heartfelt, encouraging worship song meant to bless, refresh, and remind listeners of God's unwavering presence. Once we start looking for Him in everything, we will see Him in everything, just waiting patiently for our call to walk with us each and every day, not alone.

GONNA BE OKAY - a message of hope and resilience, emphasizing that no matter what challenges, storms, or difficult times someone is facing, things will ultimately improve. The core theme revolves around reassurance: "Don't give up, it's gonna be okay. The future is bright..."

YOU ARE HERE - a heartfelt worship anthem emphasizing that God is present ("You Are Here") through His many revealed names in Scripture. It builds as a declaration of praise, inviting listeners to recognize and celebrate God's active, unchanging presence—from creation through redemption to personal daily life

DADDY DADDY - "a simple song about a daddy and his daughter as she's growing up," but it includes a meaningful twist in the final verse for deeper spiritual resonance. It follows the daughter's life stages through her father's comforting presence. As a little girl running to her dad for comfort after a fall. Growing up through milestones...

ON A COLD DARK NIGHT - The song explores an encounter on a cold, dark night where the narrator hears a desperate plea for help from someone (or something) who feels alone, sad, and lost. It turns out to involve meeting what seems like an "angel" in the night—but it's not quite what one might expect at first. Features Timpani & Chimes.

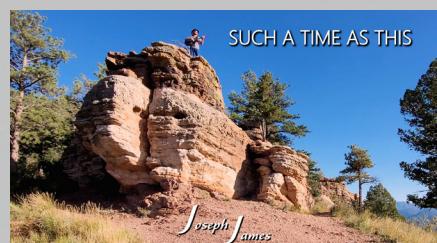

ENCOURAGING | HOPE | CHALLENGING | COUNTRY ROCK

SOLDIER'S STORY - a tribute dedicated to all our military. Heavy themes like trauma, PTSD, depression, hidden struggles (secret places in our hearts that are classified), & many challenges including the risks of suicide. A message of hope, healing, & the idea that there's someone who cares and can help carry those burdens, including classified.

DARE TO DREAM — It portrays everyday Americans facing struggles (e.g., family issues, loss, failure) but reaffirms that "This is America, where dreams come true!" with nods to freedom, hope, and national symbols. It incorporates instrumental snippets from classics like the Star Spangled Banner and America the Beautiful.

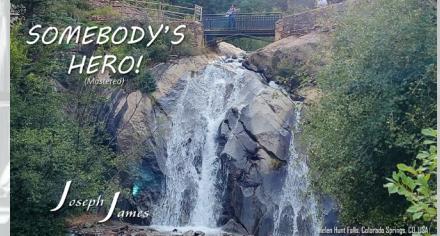

SUCH A TIME AS THIS — The core message is that life's hardships, battles, and experiences prepare you for a specific moment or season of purpose. It encourages listeners to pursue dreams, stay focused through "storms," and believe that past trials weren't in vain—they lead to "such a time as this" (a time of fulfillment, restoration, or impact).

ANGEL ON THE WAY — an inspirational, faith-based journey emphasizing the power of prayer, divine intervention, & hope in desperate situations. Themes of spiritual warfare (the devil's influence), family love, suicide prevention, redemption, & how prayers can bring angelic help even when the person in crisis can't hear them directly.

SOMEBODY'S HERO — a reminder that someone out there sees you as their hero—keep going, succeed, because your victory gives them hope. Sometimes by knowing this, it helps to encourage ourselves to do better, try harder, and accomplish things we thought were impossible.

I'M GONNA FLY - a motivational, uplifting track in the contemporary Christian / hope and encouragement genre, focusing on themes of personal breakthrough, inner greatness, overcoming struggles, and rising above limitations—like breaking free from a “cocoon” to soar.

COUNTRY COVER SONGS

THE ROSE - This video is of Joseph performing The Rose live at the Homewood Suites by Hilton/Conroe Texas. He was asked to perform at their weekly Social Night. He did 9 shows there. The song was originally performed by Bette Midler and later, Conway Twitty.

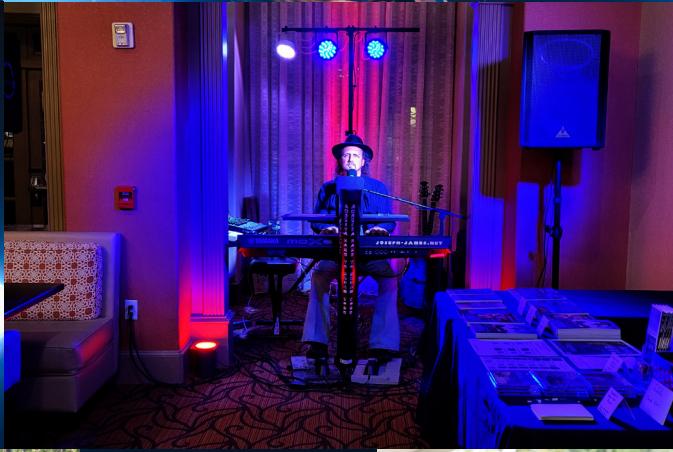

WHEN YOU SAY NOTHING AT ALL - Joseph was asked by his friend to learn this song for the friend's venue where he was going to perform in Yoakum, Texas. He had a very short time frame to learn it, but was able to perform it. Everyone liked it. The song was originally performed by Keith Whitley.

LADY - Joseph always loved this song by Lionel Richie. Kenny Rogers did a later version of it. Joseph would play it over and over again when it first came out. He loved romance and always wanted a love like that. The song blends well with the theme of his events, concerts, and shows.

His Videos Often Feature Scenic U.S. Landscapes and Heartfelt Storytelling!
